

## Take control of client documents with cost-effective data backup

*iomega® NAS file servers provide ultra fast data recall and automatic backup*

Your firm's legal team is paid to communicate with clients, capture facts and create documents to protect legal rights. Each day, these documents grow exponentially. Scheduled backup and document management systems are important. You need to be sure your client information stays secure, in order and on file.

An effective and reliable backup solution for your individual desktops and laptops is vital. With every iomega NAS server, we include iomega QuickSync 3 software which can automatically backup your data in real time.

*The perfect solution for digitally archiving legal documents, e-mail files and scanned images for litigation*

Use iomega® NAS server(s) for your Document Management System as your primary and near line storage solution. If you are using iManage, Hummingbird DM (DOCS Fusion or DOCS Open) or Worldox® you can use an iomega NAS solution to increase storage with a reliable and secure solution.

- ▶ Archive e-mail at up to 1/3 the cost of a general-purpose server
- ▶ Automatically schedule backup using QuikSync 3 software
- ▶ Ideal solution for storing large scanned image files commonly associated with litigation
- ▶ Effective tool for workgroup file sharing and backup
- ▶ Documents are archived securely but easily and quickly retrieved
- ▶ RAID 5 + hot spare data protection

With iomega NAS servers, you have a choice of capacities, operating systems, device connectivity and performance as well as features for maximum compatibility. iomega NAS servers maximize data accessibility by consolidating multiple formats and data types on a server appliance designed solely to store, serve and protect critical backup. With plug-and-play connectivity, you can deploy your iomega NAS server in less than 15 minutes. And if you need more capacity, just add another iomega NAS—for a truly scalable and affordable backup storage.

**Storage relief for your network.**

**iomega® NAS server advantages vs. a general-purpose server**

- ▶ Up to a 50% lower purchase cost
- ▶ Significantly lower total cost of ownership
- ▶ Easy installation with no network downtime
- ▶ Deployment in under 15 minutes
- ▶ Automatic data consolidation and file sharing among all Windows®, Macintosh®, NetWare®, UNIX and Linux clients
- ▶ As little as four hours per year in ongoing maintenance
- ▶ Remote management flexibility and convenience

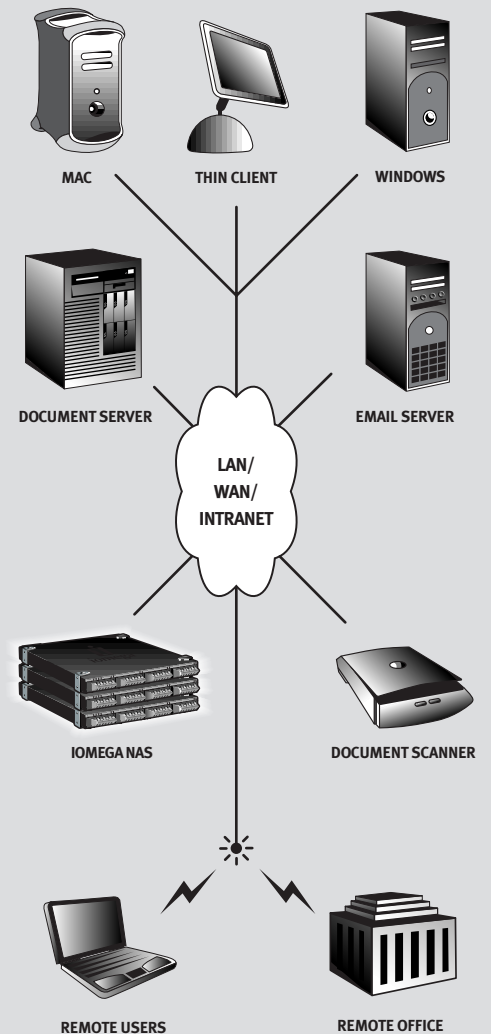

**iomega® QuikSync™ 3 Software**

Protecting critical client data is hassle free with iomega QuikSync software. Copies of designated files are automatically saved and maintained on your iomega NAS server based on preferences set by your NAS administrator.
