

Organize your vast collections of information and keep it safe

iomega® NAS servers are the affordable and reliable solution for data consolidation and storage

It makes great business sense to consolidate your vast collection of data and information which is stored across multiple servers and platforms. Whether you have various databases, end-user applications or data files, you need to bring them all together with an easy-to-implement, reliable storage solution that provides heterogeneous file sharing.

With central server storage you can reduce your total cost of ownership by efficiently addressing required service, security and protection. You need a solution that is scalable, cross-platform, easy-to-install and simple to backup. There is an affordable and simplified solution— an iomega NAS file server.

The ideal place to organize and keep mountains of information

iomega NAS file servers are the storage solution for quick, reliable and cost-effective cross-platform server, file, and data consolidation.

- ▶ Archive, backup and restore
- ▶ Lower your total cost of ownership with central server storage
- ▶ Achieve high-speed performance
- ▶ Plug-and-play installation
- ▶ Maximize uptime
- ▶ Low cost (about 2 cents per megabyte)
- ▶ Scalable – add network storage as needed

With iomega NAS, you have a choice of capacities, operating systems, performance and reliability as well as features for maximum compatibility and security. iomega NAS servers maximize data accessibility by consolidating multiple formats and data types on a server appliance designed solely to store, serve and protect critical backup. With plug-and-play connectivity, you can deploy your iomega NAS server in less than 15 minutes. And if you need more capacity, just add another iomega NAS server—a truly scalable and affordable storage solution.

Storage relief for your network.

iomega NAS.

Additional Solutions Guides:

- ▶ Backup intermediary
- ▶ Branch/remote office storage and collaboration
- ▶ CAD/CAM, creative imaging and graphics
- ▶ Critical data security
- ▶ Email storage
- ▶ Engineering firms
- ▶ Financial/accounting firms
- ▶ Law firms
- ▶ Medical institutions, hospitals, doctor clinics
- ▶ Online data warehousing
- ▶ Schools and universities
- ▶ Service providers
- ▶ Software distribution
- ▶ Student computer labs
- ▶ Workgroup file sharing/backup and recovery

iomega® NAS server advantages vs. a general-purpose server

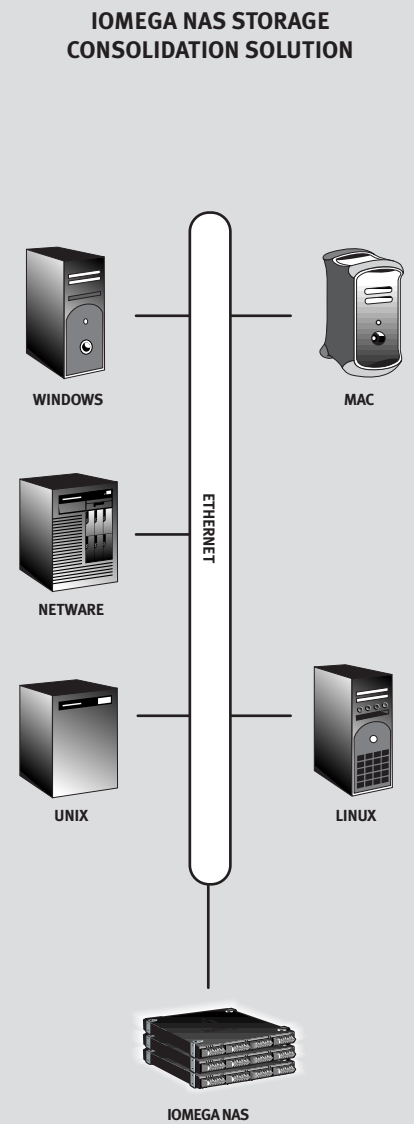

- ▶ Up to a 50% lower purchase cost
- ▶ Significantly lower total cost of ownership
- ▶ Easy installation with no network downtime
- ▶ Deployment in under 15 minutes
- ▶ Automatic data consolidation and file sharing among all Windows®, Macintosh®, NetWare®, UNIX and Linux clients
- ▶ As little as four hours per year in ongoing maintenance
- ▶ Remote management flexibility and convenience

iomega® QuikSync™ 3 Software

Protecting critical client data is hassle free with iomega QuikSync software. Copies of designated files are automatically saved and maintained on your iomega NAS server based on preferences set by your NAS administrator.
