- » Advanced features such as user/group setup, Axis™ security camera and Bluetooth® upload capabilities
- » 1TB and 2TB capacities

### STORCENTER ix2 NETWORK STORAGE

EASY, AFFORDABLE NETWORK ATTACHED STORAGE  
SUPPORTING PC, MAC AND LINUX CLIENTS

#### SECURE

Secure your important digital files with built-in award-winning EMC Retrospect® backup software for automatic scheduled backups. Plus, prevent against data loss in case of disk drive failure with RAID 1 mirroring.

#### ACCESSIBLE

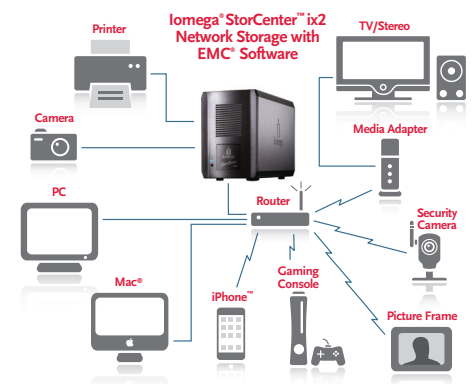

New remote access functionality allows you to access your pictures, videos, and files from anywhere in the world—as though you were sitting right at your workstation or home computer! And new torrent support facilitates peer-to-peer direct file sharing, making it easier and faster to download large media files.

#### POWERFUL

The built-in media server turns your storage device into a multimedia hub. Simply store and organize your content on the StorCenter ix2, then listen, view and access your files, videos, photos and music from any compatible devices on your network. Plus, share files among networked PC, Mac, or Linux computers.

#### SIMPLE

An easy four step set-up wizard automatically detects and configures your network settings. Customization tools are also provided for advanced users. Plus, the simple and intuitive user interface makes this product easy for everyone.

## HIGHLY EFFECTIVE DATA STORAGE, SHARING AND PROTECTION

Iomega® StorCenter™ ix2 Network Storage offers content sharing with advanced security, and is ideal for small office, remote office or home networks. Based on enterprise-class EMC® storage technology, the StorCenter ix2 provides fast data throughput; easy file sharing; and RAID 1 configuration for additional data protection. The StorCenter ix2 includes an easy-to-use interface with robust features, including print and media server, remote access, torrent download capability, folder quotas, IP security camera support, and Bluetooth® upload options. Support for Windows® Active Directory and Apple® File Protocol are also included. Award-winning EMC Retrospect® backup software and RSA® BSAFE® encryption for protected installs and upgrades are included for advanced backup and security. It is available in 1TB and 2TB capacities, supporting PC, Mac® and Linux® clients.

### FEATURES & BENEFITS

#### New Features

- » With **remote access**, you can connect to your pictures, videos, and files from anywhere in the world. Just enter a personalized web address into any browser, and you will be easily downloading and uploading your files securely. The first year of remote access is free – and it's only \$9.95 per year after. Custom domain names, such as www.yourfamilyname.com, are also available for a small additional charge. Remote access services are provided by TZO, the trusted name in Dynamic DNS Services.
- » **Torrent** is the new standard in peer-to-peer file sharing. This technology facilitates download management, making it easier and faster to download large media files. With direct file transfer to your StorCenter ix2, say goodbye to unfinished downloads!
- » **Folder quotas** let you set a maximum capacity for shared storage folders on the StorCenter ix2—preventing any of them from consuming too much space. Allocate just the right amount space for your most important documents.
- » To better simplify file sharing, EMC LifeLine™ software now includes **Apple File Protocol (AFP)** native file system to facilitate copying files and automate networking from your Mac.

#### Connect Multimedia Devices

- » **UPnP and DLNA certified** means the StorCenter ix2 will work seamlessly with digital products you may own or buy from different manufacturers allowing you to save, store and play all kinds of multimedia files.
- » Easily share files from your StorCenter ix2 to other media devices, including DMAs (digital media adapters), DLNA or UPnP AV compatible devices (i.e. stereo receivers, game consoles, picture frames). Easily transfer pictures from your camera to the StorCenter ix2 with built-in support for Picture Transfer Protocol.

#### Enhanced Data Protection

- » Award-winning EMC LifeLine software allows users to store and manage all of their valuable data on one centralized, secure, affordable storage appliance.
- » Secure data with **EMC Retrospect®** backup software for scheduled automatic backups and centralized reporting to confirm backups are complete.
- » For additional data protection, enjoy **Mozy-Home™ Online Backup** service via optional download. 2GB free or upgrade to unlimited online for \$4.95/month.
- » Prevent against data loss in case of disk drive failure with **RAID 1** mirroring.
- » Proven **RSA encryption** technology protects your data from hackers during installs and upgrades.

#### Extensive Content Sharing

- » Built-in media server turns your storage device into your multimedia hub.
- » Store your content on your StorCenter ix2, then listen, view and access your videos, files, photos and music from any compatible devices on your network.
- » Share files among **Windows®, Macintosh®, or Linux®** based personal computers.

#### Sophisticated Features

- » **Bluetooth Upload:** Simply transfer contacts, photos and other information from your Bluetooth phone, pocket PC or BlackBerry to your computer. Optional USB Bluetooth adapter required.
- » **Security Camera:** Easily connect an Axis® security camera to your StorCenter ix2 to keep an eye on things while you're away.
- » **Users & Groups:** Wizards help you create users and manage access to shared folders. Support for Microsoft® Active Directory Services is also provided.
