

iomega®

NAS™

800_m SERIES

**Enterprise-class features
priced for department
and workgroup storage
environments.**

*Enhanced reliability with redundant hot swap
power supplies, drives, and fans.*

Easy to use storage with Windows® Powered OS.

*Optimum capacity and performance for
corporate departments or workgroups.*

SIMPLE STORAGE FOR A

NAS

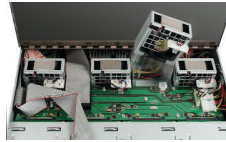

COMPLICATED WORLD.

- ▶ Up to 2TB of easy to manage capacity
- ▶ A robust solution for data-intensive backup, file serving, server consolidation and business continuity needs
- ▶ Storage you already know how to use with Windows® Powered OS
- ▶ Supports Windows®, Macintosh®, NetWare®, Unix® and Linux clients
- ▶ Dependable service with warranty of 3-years, including next business day on-site service and free dedicated 24/7 phone or email technical support

THE IOMEGA® NAS 800_m SERIES

The Iomega NAS 800_m Series delivers dedicated file serving, server consolidation, backup and recovery, and nearline and add-on networking storage for your business continuity needs.

The 800_m Series establishes a new price-for-performance paradigm for businesses that have intensive data needs. By providing enhanced reliability, ease of integration, and a robust connectivity suite at 1.28TB and 2TB, Iomega continues to provide enterprise-class features priced for corporate department and workgroup storage environments.

NAS MODEL	800 _m /1.28TB	800 _m /2TB
MAP PRICE	\$12,499	\$17,999
CAPACITY*	1.28TB	2TB
DATA PROTECTION*	RAID 0, 1 and 5	RAID 0, 1 and 5
PROCESSOR	2 Intel Xeon, 2.4GHz CPUs, Hyperthreaded	2 Intel Xeon, 2.4GHz CPUs, Hyperthreaded
DRIVES	8 Hot-swap 160GB Hard Disk Drives, ATA 7200 RPM	8 Hot-swap 250GB Hard Disk Drives, ATA 7200 RPM
RAM	1GB ECC DDR RAM	2GB ECC DDR RAM
NETWORK CONNECTION	Dual 10/100/1000 Ethernet 10/100 Ethernet	10/100/1000 Ethernet with TCP/IP Offload Engine (TOE)* 10/100 Ethernet 10/100/1000 Ethernet
PORTS	SCSI 160 LVD USB 1.1, Serial UPS	SCSI 160 LVD USB 1.1, Serial UPS
BACK UP	Full Version: CA eTrust Antivirus 2.0 Trial Version: Veritas Backup Exec™ 9.0 for Windows Servers	Full Version: CA eTrust Antivirus 2.0 Trial Version: Veritas Backup Exec™ 9.0 for Windows Servers
REDUNDANCY	True Hot-swap power supplies, ethernet connections, drives and fan modules	True Hot-swap power supplies, ethernet connections, drives and fan modules
OPERATING SYSTEM	Microsoft Windows-Powered OS	Microsoft Windows-Powered OS
UTILITIES	Discovery and Web management utility Active Directory Support (ADS) Storage Resource Manager (SRM) Persistent Storage Manager (PSM)	Discovery and Web management utility Active Directory Support (ADS) Storage Resource Manager (SRM) Persistent Storage Manager (PSM)
MOUNT	2U, 19" rack mount with rail kit included	2U, 19" rack mount with rail kit included
SERVICE	3 year On-Site Next-Business Day Service, 3 year Warranty, Service Upgrade available	3 year On-Site Next-Business Day Service, 3 year Warranty, Service Upgrade available

* TOE Card improves performance up to 10 - 20%

Health Status LEDs
Provides immediate visual indication of system status.

Chassis "hood for easy access"
Provides easy access to hot swap components without removing unit from rack.

Drive activity LEDs
Tell you the activity level and failure alert for each drive.

Dual 2.4 GHz Xeon "Hyperthreaded" CPUs
-Increases # of transactions that can be processed
-Handles larger workloads
-Faster response times for multi-tasking environments

ATA Drive Controller
Improves disk read/write throughput

PCI-X Bus
Better reliability w/ECC vs. PCI 1GHz bus for maximum throughput

Increased Reliability
with redundant dual hot swap power supplies and chassis cooling fan.

Increased performance
with an Alacritech® "TOE" card that offloads TCP processing on the CPU, improving system processes and applications. (2TB only)

Ultra 3 SCSI 160
enables direct connection of tape to reduce network traffic during backup (decreases the time it takes for your backup).

Serial/UPS
for safely powering down before your UPS runs out of battery power.

Versatile Connectivity
with multiple ethernet connections

Begin your investment in an Iomega Network Storage solution with comprehensive assistance from Iomega IOLink Resellers who will help you identify, purchase, install, maintain and support the best options for your growing business.
