

IOMEGA® EXTERNAL SSD FLASH DRIVES SUPERSPEED USB 3.0

Ultra Speed. Ultra Tough.

Take your digital storage to the next level! With write speeds up to twice as fast as 7200 RPM SATA hard drives, the Iomega External SSD Flash Drive is designed for those who demand the highest performance from their digital storage. Without moving parts, SSD drives allow faster application loading, greater reliability, top transfer speeds, plus greater overall responsiveness.

Iomega External SSD Flash Drives are on the leading edge of this technology with a SuperSpeed USB 3.0 interface to achieve the highest speeds. Plus, they have a compact, very portable size and super-rugged enclosure perfect for mobile use.

ULTRA FAST Iomega External SSD Flash Drives are perfect for laptop or desktop users who want the fastest transfer speeds to save large media files like movies, photos, and videos and want portable storage they can take wherever they go. They offer blazing transfer speeds up to 5Gbits per second – that's up to twice the speed of 7200 RPM SATA hard drives.

ULTRA TOUGH Iomega External SSD Flash Drive SuperSpeed USB 3.0 includes the Drop Guard Xtreme II feature that helps protect the drive from drops up to 10 feet! This compact, portable drive is rugged enough to safely store data for travel environments. A three year limited warranty is included with your drive when you register your purchase.

EFFICIENT Iomega External SSD Flash Drives are cool to the touch and silent. They require less power to run and conserve your laptop battery. Plus they are USB powered so great for mobile use.

SECURE Iomega Protection Suite software is included with Iomega External SSD Flash Drives at no additional cost with backup software solutions and anti-virus protection. Plus, AES 256-bit hardware encryption is built into Iomega's new USB 3.0 drives so you can feel secure taking your drives anywhere (PC only). Password protect entire folders to keep your data safe.

Iomega Protection Suite

- >> Trend Micro™ (PC/Mac)
- >> Iomega QuikProtect (PC/Mac)
- >> Retrospect® Express (PC/Mac)
- >> MozyHome™ Online (PC/Mac)

Iomega External SSD Flash Drives are extremely compact — just over 4 inches long and weighs only .24 lbs.

IOMEGA USB 3.0 COMPATIBILITY

All USB 3.0 drives are backward compatible to USB 2.0 using the same USB cable. So enjoy fast speeds now if you have a USB 3.0 computer or use USB 2.0 and be confident you can upgrade later! You'll need a PC with a USB 3.0 port for the best performance. Plus, a PCI adapter card is available (sold separately) that you can insert into your computer's PCI slot to upgrade your USB 2.0 computer to USB 3.0.

Optional USB 3.0 PCI Adapter Cards

Want fast USB 3.0 speeds, but own a USB 2.0 computer? Iomega offers USB 3.0 adapter cards to insert in your computer** so you can experience native USB 3.0 transfer speeds up to 5Gbits/s.
